## WITH OUR BOYS IN SERVICE

At long last a letter this week from our old fishing friend, Corporal Roy Waters down on the Mediterranean. Roy is not at all pleased with his lot but is doing a swell job nonetheless. He has sent in his request for an absentee voter's ballot and still has his thoughts on home and local affairs. Roy has been to a rest camp since writing last and it was while there he received the news of his brother, Edwin's death in the South Pacific. He is now eligible to wear two overseas service stripes. "I can save them and with 10 cents perhaps be able to buy a cup of coffee after the war," Roy lamented. "Last week Joe Louis was here on an exhibition tour of this theater, as was Jack Haley, with a bevy of beautiful girls. Aside from that its the same old grind. That 'grind' is just being polite." Roy has had a letter from his brother, Ervin complaining of being strafed by Jerries. Wait until they start heaving their heavy stuff and he'll wish he was back in the Riverside playing bridge."

Sgt. Abe Bertolozzi of the AAA was here visiting friends this week. He is now stationed at Camp Haan after a couple of years in Washington. The sergeancy was extended immediately after his last furlough, he said.

Pfc. Bud Zorich is back at Camp Swift after a honeymoon spent at Corpus Christi with his brother in law and sister, Carpenter's Mate and Mrs. Red Rockholm.

A note this week from Private Pete Vanni of Tahoe tells us of his change of address to Camp Swift, Texas. He says he surely appreciates the Sierra Sun and the news of his friends in Tahoe and Truckee.

Lieutenant Bob Tamblyn, who recently earned his bombardier's wings at Arizona, is at his home in Nevada City on furlough and spent the week end here with his brother in law and sister, Mr. and Mrs. Vern Shattuck. The two men with Bill Tamblyn went on a fishing trip Sunday.

Phil Kearney writes from a coral island that they have discovered a spring of fresh water which is available only after the tide goes out. The water is heavily charged with calcium but is fine for a shower or for washing clothes. The natives are already beginning to return to the coast. The youngsters show missionary training and like to display their accomplishments in educational ways. They are the most intelligent natives he has seen, Phil wrote.

Signalman and Mrs. Robert Leamon will celebrate their first weddineg annivercary Monday, August 28 on the latter's birthdate. Bob is at his ship station and Mrs. Leamon is in Truckee.

Phamacist's Mate Maxwell McGwinn located in the Pacifir wrote home that he expects a leave in time to cast his vote at the November election. His brother Doyle plans to come from his eastern army post to see his family, including his young daughter who was born during his absence.

Sea-Bee Daryl Gaiennie is evidently stuck on Guadalcanal, as he is doing line work all over the place, while his former shipmates have left for other parts.

Charlie Pierce, Jr., who has been in the Pacific battlegrounds for the past three years, is really "sweating it out" over there while waiting for that long promised furlough home, for which his name was drawn in the June quota. After some time in steaming jungles and sleeping in slit trenches which are plenty moist, he would like to have a big swig of Truckee's good, ice-cold spring water. He is very glad to receive the Sierra Sun which serves to keep him in constant touch with home.

Huey Kearney is still at Amarillo, Texas with the air force, hoping to complete flight training and putting in his spare time in the gunnery room.

Pvt. Red Rockholm and his wife have returned to San Francisco where Red is stationed at Letterman Hospital after visiting local friends.

Seaman Second Class George Kamp, looking real sailory in his smart new navy blues, has arrived for a leave and will be able to celebrate his 18th birthday, August 28, before he reports back to Farragut, Idaho, two days later

## My Place In The Sun

By CPL. DOUG BARRETT

**Excerpts from letters from the Canada theater of war operations**

Eight years we've been the Sierra Sun—and that's not a typing error. They've been eight swell years. We've made a lot of friends, done a lot of work and had a lot of fun. Personally I'm all for signing on for another term of service to the people of the Tahoe-Truckee-Donner area.

Yesterday about this time I was headed for bed but now I've got another six hours work ahead. I got off shift last night at midnight—or rather night before same—and went to work on the Dusty Digest until two in the morning. Got up at eight yesterday a.m. and started to work on it again. Aside from a couple of hours waiting for it to be censored (shades of Freedom of the Press!), and 15 minutes for lunch, I was steadily getting it ready for the printer. I had it already but one column by two yesterday afternoon when I took a nap before going on shift. I've still got that one column to prepare. On account of my paper work, I'm excused from most extra duty formations.

Yours truly is a tidy soldier—strange as it may seem. Every day we have inspection. Yesterday I received honorable mention on the Daily Bulletin as having a wall locker "considered as a model for the post" along with two other EM.

## NEW A BOOKS WILL BE ISSUED SOON; CHANGE IS SEEN

The Office of Price Administration this week announced the renewal of basic A gasoline ration books outside the east coast providing continuance of an allowable equivalent to eight gallons a month will begin late this month.

Each coupon in the new A book will have a four-gallon value instead of the present three gallons but there will be fewer coupons.

Six coupons worth four gallons each will be validated every three months providing 24 gallons of gasoline. At present eight coupons worth three gallons each are validated quarterly.

All applications for renewals must be accompanied by the back cover of the current A book.

OPA said that with the new A book local boards will issue a mileage rationing record to replace the tire inspection record.

## HIGHWAY CREWS REPAIR ROADS HERE

Division of Highway crews, under the supervision of Superintendent T. T. Buell, have compeletd resurfacing portions of Highway 40 from Alta to the Nevada State line. The work consisted of repairs and coating various worn places, and most of the work is being done between Donner grade and the state line.

Buell said 5,050 tons of plant-mix were used totaling 66 cars to cover 24,600 lineal feet of highway.

## POLICE SEEK THUGS WHO ROBBED LAKE RESORT OF $14,000

KINGS BEACH, Aug. 24.— Police are still searching for clues which might lead to the arrest of two armed bandits who Friday morning at 8:30 o'clock robbed Johnny Rayburn's Ta-Neva-Ho, favorite resort spot on Lake Tahoe, of approximately $14,000 and made their escape.

The men entered the establishment as Andy Johnson, manager, was busy counting up cash at the bar. The bandits had pillow cases, with slits for eyeholes, pulled well down over their heads and wore gloves.

They held Johnson and a janitor at the point of guns, taking them into a rear room where they were tied and gagged. Then they smashed open the safe with a hammer and scooped up all available cash, making their getaway in a speeding car.

Rayburn carried theft insurance covering $10,000, it was announced.

## LABORER JAILED FOR STRIKING OFFICER

Alfred V. Juarequi, 33, employed by a construction company at Norden, punched the wrong man in the mouth Sunday when he struck Deputy Sheriff Bob Morgan.

As a result Juarequi is serving 60 days in the county jail, the sentence imposed by Justice of the Peace C. E. Smith.

**First Anniversary—**

Sgt. and Mrs. John Gracek (nee Ida Stewart) of New Mexico have been married one year today.

**Returns Home—**

Mrs. Dan Smith has returned from Auburn. She went there to visit her nephew, Pat Lichtenberger, who has enlisted in the marines and left for San Diego.

**Move to Rossarini Home—**

Mr. and Mrs. George Kamp have moved into the former Rossarini home, formerly occupied by the late C. M. Wray and Mrs. Wray.

**Week Here—**

Mr. and Mrs. Herbert Canady and son, Robert of Manteca are spending the week with relatives here.

## In Local Visit

Lieutenant Governor Fred Houser, who visited friends here Tuesday to reassure them that the State Lands Commission is vigorously opposing any damage to Donner Lake by the power and irrigation concerns which are attempting to gain control of the waters of the picturesque lake.

## Houser Upholds State Control In Donner Question

### Lieutenant Governor Visits In Furtherance Of Senate Campaign

Lieutenant Governor Fred Houser, candidate for United States Senator at the November 7 election, displayed keen interest in the Donner Lake withdrawal issue during his visit here last Tuesday on his campaign tour of Northern California counties.

Houser, a member of the State Lands Commission, declared the commission has been studying the Donner Lake problem at its recent meetings and is now contemplating injunction proceedings to prevent drawing off water of the lake and sale of the water for irrigation and power purposes.

**"The commission sees the necessity for quick action if the lake is to be preserved at its present level, and I can tell you that the other members of the commission are just as interested as I am in preserving this natural resource for the benefit of all the people in the state," Houser said.**

**Accompanied by Wife**

The lieutenant governor was accompanied by his wife, Mrs. Dorothy Houser, and after confering with friends left for Loyalton and Quincy.

Houser, Republican party nominee for the office now held by Senator Sheridan Downey, reported that he is receiving support from both the Democratic and Republican groups in his present campaign. At Placerville last week he was publically endorsed by Democratic State Senator H. E. Dillinger with whom Houser has served as a member of the state legislature.

"I am of a different political faith than the lieutenant governor," Dillinger told a group at a dinner meeting, "but this is no time to quibble about political parties when I observe the extravagance, waste and racketeering which is thriving while our young men are serving their country at war."

**Eye on Reconstruction**

Houser's program is centered around reconstruction and industrial reconversion efforts after the war has been won as rapidly as possible, and is particularly interested in a program which will provide jobs for Cailfornia's returning service men and civilian workers after the war is won.

**A Washington Problem**

"Most of these reconversion problems must be settled in Washington," Houser said, "and it will take hard working representation in both the senate and the house to see that Cailfornia's interests are protected. I intend to give that kind of representation if elected to the United States Senate next November."

## CHILD IS INJURED IN CYCLE MISHAP

Andres Oroz, Jr., received a painful injury to his right foot this week when his heel caught between the spokes of a bicycle he was riding with his brother, Martine.

## Jack Murray Is Killed In Blast At Powder Plant

### Victim Was Member Of Former Hobart Family

Jack Murray, 32, son of Al Murray for more than 30 years a resident at Hobart Mills, where he was master mechanic for the Hobart Lumber Co., was killed Saturday in an explosion at the powder plant where he was employed at Riverside.

**Irony was injected into the tragic picture, when it was learned Jack had secured another job and was planning to leave the powder plant this week.**

Word of the tragedy was relayed to Mr. and Mrs. B. J. Riordan, close friends of the Murrays by Henry Mathews of Sparks who had learned of the affair from Al Murray now at San Jose.

Jack was an only child. His mother died last year at San Jose and he leaves only his father, his wife and two young daughters.

## SECOND NEW STORE OPENS IN TRUCKEE DURING ONE MONTH

Truckee's second new store to be opened within a month is the Toggery, an exclusive men's clothing store, now open for business in the location just west of Tony's Variety Store on Commercial Row.

The new establishment is being operated by Mr. and Mrs. A. B. Polyanich, owners of the building, who recently purchase the former Lloyd's Variety Store, which they also operate under the firm name of Tony's Variety Store.

Featured i the stock is a full and complete line of men's wearing apparel, including both dress and work clothes and accessories.

The building has been completely remodeled and renovated with adequate show cases and equipment to give it an up to date appearance.

"It will be our policy to give the men of the region a store of quality and at the same time maintain prices which will please. We invite the public to come in and make an inspection," Polyanich said.

## LIONS PICNIC WILL BE HELD SUNDAY AT DONNER LAKE

Chairman Art Leitch of the Lions Club's annual picnic committee, reveals that all is in readiness for the big event which will be held Sunday, August 27 at the head of Donner Lake where it was staged with such outstanding success last summer. The club will furnish the sodas ,beer, watermelon and coffee and the Lions their families and guests will provide the balance of the picnic feast.

Swimming, boating, games and the annual horseshoe pitching contest are programmed as highlights for the day.

There will be no meeting of the club next Wednesday, August 30.

## FOREST SERVICE TO OPEN NEW ROADS INTO TIMBER LAND

Road surveys for the Mosquito Ridge-Ralston Divide timber access road proposed by the U. S. Forest Service in the Foresthill district, were approved this week by the Public Roads Administration officials, Supervisor Guerdon Ellis said. This proposed road, Ellis said, will open up a virgin tract of timber approximately two billion board feet of lumber.

Included in this area of virgin timber is some 55,000 acres of forest land belonging to the Southern Pacific Company. Acquisition of this land by the forest service was recently approved by the Placer County supervisors. Future lumbering plans call for two sawmills deep in the heart of this virgin area.

## SMALL REDUCTION IN PLACER TAXES

AUBURN, Aug. 24.— The Placer County supervisors will meet today to hold public hearings on the 1944-45 budget which is expected to result in a tax rate of 62 cents on the $100 assessed valuation. If the budget is maintained in its present form it will resutl in a reduction of five cents from the 1943-44 rate.

## .: Sun :. Beams

by WALTER M. BARRETT

The decision of the directors of the Truckee Public Utility District to sell the 70-acre Truckee Winter Sports park, operated for many years on the slopes across the Truckee river from town, should meet the approval of everyone concerned. Naturally a great deal of local sentiment is attached to the park. The boys and girls of Truckee and vicinity have enjoyed the ideal spot for at least two generations, so it will be more than appreciated when it is learned that any purchaser must agree to continue operating the winter sports facilities for coming generations. The park is the original winter sports playground of California and literally thousands of visitors and vacationists make annual trips to Truckee to enjoy the many advantages of the site. It is quite evident that no local organization will take the necessary interest to keep the facilities operating or improve the property and as this cannot be done by the district which purchased the property solely to keep it for the town, the proposed sale, we believe is not only in order but highly desirable.

We were pleased this week to meet and discuss local problems with Lieutenant Governor Fred Houser, a candidate for U. S. Senator, running against the incumbent Senator Sheridan Downey. As a member of the State Lands Committee, Houser is vitally interested in the preservation of Donner Lake and other California lakes against damage by outside concerns. Houser's discussion of the Donner Lake situation shows that he has studied the matter thoroughly and is backing up the people of this region in his stand against encoachment by utilities upon our natural resources.

## GAIENNIE WINS IN GOLF TOURNEY BY LIONS CLUB

With a score of 74, Frank Gaiennie last Sunday won the Truckee Lions Club's golf touranment at Tahoe City nosing out his closest contender, Elden Tonini who turned in a score of 76.

Carl Bechdolt and Joe Henry tied for third place honors with scores of 76. Other contestants and their scores were Norman Mayfield, 79; C. Edmunds, 81; Stan Martin, 81; M. W. Englehart, Jr., 82; Harold T. Langille, 83; R. N. Little, 87.

The contest was held following the observance of the 100th anniversary of the discovery of Lake Tahoe at which the Lions attended in a body to hear Bishop Noel Porter of the Sacramento Episcopal diocese make the commemoration address.

## CAR, TRUCK CRASH INJURES ONE MAN

Floyd B. Eutsler, 30, Yuba City, was treated by Dr. J. H. Bernard for minor injuries Sunday morning shortly after midnight when the car driven by his companioon, Robert Mitrovich, 25, also of Yuba City, collided with a Lang truck a mile and a half east of Donner Summit.

The gasoline truck was driven by Donald L. Pollard, 32 of Reno. State Patrolman T. E. Sheehan made the investigation and cited Pollard for driving on the wrong side of the highway.

## HUGE LETTERS NOW MARK VETS' HALL

Huge letters five feet high have been placed on the south side of the Veterans' Memorial Building overlooking Truckee. The letters were installed by Ingram of Sacramento after Floyd Carnell and Phil Geier of Tahoe completed repainting the huge dome roof in silver

It is hoped the wording will end the frequent questions of passing motorists who want to know "what's that up on the hill?"

## McREYNOLDS PARENTS OF BABY DAUGHTER

Mr. and Mrs. E. C. McReynolds are the happy parents of a baby daughter born at Reno last Thursday, August 17. The little miss has been named Dona Louise and at the time of her birth tipped the scales at 7 pounds and 14 ounces. Both the mother and Dona are doing nicely, the proud father reports.

## District Plans To Sell Local Winter Sports Property

### Terms To Stipulate Park Must Be Operated By Purchaser

Directors of the Truckee Public Utility District are contemplating the sale of Truckee's famous Winter Sports grounds and facilities on the hill just south of Truckee, it was revealed this week by C. Edmunds, the district manager.

It is proposed to sell th 70 acres of park grounds, the pavilion, up-ski equipment and scaffold to private owners who will agree to continue operation of the site as a winter and summer recreational park.

Edmunds pointed out many advantages to be gained under proper ownership, picturing the pine-studded play ground as a model location for all sorts of recreational faciilties.

The property was purchased some time ago when the Truckee Outing Club could no longer make the necessary payments nor operate the concessions. The district made the purchase to save the park for a community asset and it is for this reason that stipulation is made that it must be operated by the new owner or owners in event of a sale.

## Hobart Property Again Sold For Salvage Purpose

### Los Angeles Men Purchase Buildngs, Salvage At Pioneer Town

Harry Lansberg, for the past four years resident manager of Hobart Mills, announced that sale of the balance of the holdings of the once flourishing lumber town, was completed yesterday at Los Angeles and that the new owners are L. A. Halsey and Joe Smith of Long Beach, who will tear down and salvage the many remaining buildings for disposal.

Lansberg said that when his work is ocmpleted here he will open a wholesale lumber yard in Sacramento with Bob Huston of Lake Tahoe as his manager.

Hobart Mills at one time was the center of one of the largest lumbering industries in the state. More than 800 people lived there and a railroad connected it with Truckee, seven miles to the south. Seven years ago lumbering operations ceased and the mill and other property were sold to the Los Angeles Iron and Steel Co., a salvage firm, operated by J. E. and Harry Lansberg.

For a while, prior to the outbreak of war, a CCC camp was occupied there during the summer months and later these facilities were utilized as a rest camp for army men from Mather Field.

No announcement was made concerning the disposition of the land, which may revert back to the forest service.

Many pioneer families of Hobart Mills will regret the final disposition of their home town but can blame only progress for the fate of the once thriving little community.

## ARMY MAN TALKS AT ROTARY MEETING

Lieutenant A. A. Jones of the U. S. Navy, spoke briefly at the meeting of the Rotary Club Monday night as guest of the program chairman Jack Wolert. Tom Buell presided. Other guests were H. J. Moriarty of San Jose and A. Armati of Truckee. The visiting Rotarians included Otto Fox and C. V. Martin of Auburn, Rev. **Noel Porter annd W. L. Hack of Sac**ramento, W. Mayhew of Walnut Creek and Ray Tinney of Palo Alto.

## WYETHIA LIBRARY HAS CHOICE BOOKS

More new books which are sure to please discriminating readers, have been added to the shelves of the Wyethia Women's Club library ,it has been announced by the committee. Among them are Ghost Town by G. Ezra Dane; The Gaunt Woman by Gilligan; Old McDonald had a Farm by McDonald; Tomorrow Will Come by Almedinger and Leave Her to Heaven by Ben Ames Williams.

## LEGAL NOTICES

### NOTICE OF CO-PARTNERSHIP DOING BUSINESS UNDER FICTITIOUS NAME

..KNOW ALL MEN BY THESE PRESENTS:

That the undersigned N. F. DOLLEY and GLADYS DOLLEY are co-partners, transacting business in the Town of Truckee, County of Nevada, State of California, under the fictitious firm name and style of DONNER MERCANTILE CO.

That the principal place where said business is situated is Front Street, Truckee, Nevada County, California.

That the names of all the persons interested as partners in such business together with their respective places of residence are as follows:

N. F. Dolley, residing at Truckee, Nevada County, California.

Gladys Dolley, residing at Truckee Nevada County, California.

IN WITNESS WHEREOF, the said N. F. Dolley and Gladys Dolley have set their hands this 20th day of July, 1944.

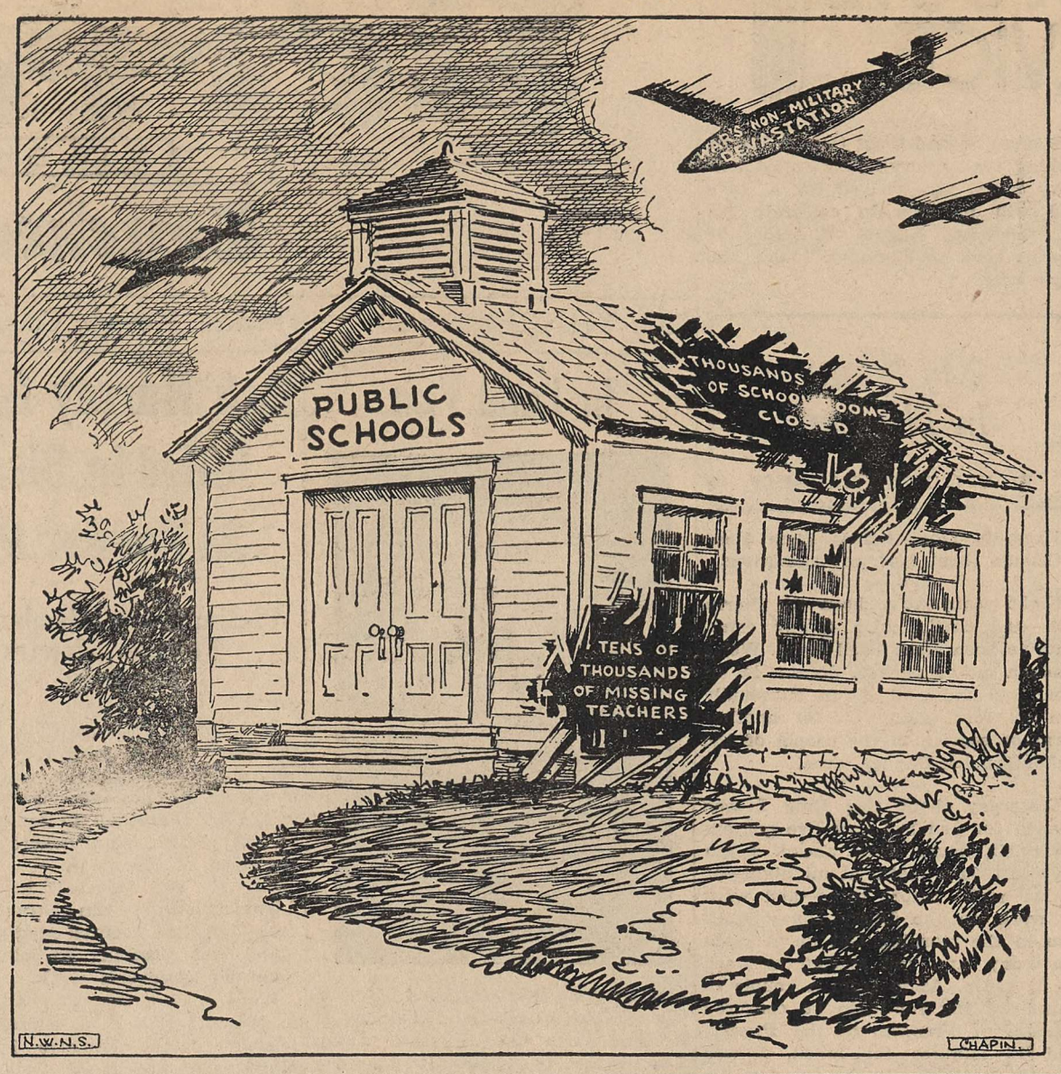
## FURLOUGH FROM ARMY FOR TIRE BUILDERS

Indication of the gravity of the heavy duty truck tire shortage, is the announcement by the armed forces that they will grant furloughs to experienced tire builders who are over 30 years of age and are still in the United States. These furloughs will be granted to alleviate the critical manpower shortage in the tire manufacturing industry.

## Another Victim of Robot Bombs



## 1,000,000 BENEFICIARIES

A million people are now receiving monthly insurance payments from the government under the provisions of the social security law. The law was amended four and a half years ago and 67,000,000 workers have now earned credits which will lead to payments in their old age.

When the social security law was first enacted there were many people who considered it impractical or inadvisable. When deductions from payrolls for social security were made, many objected to the government forcing them to spend money for a type of insurance on which there was considerable chance that they would never collect.

But most of us are used to the deduction now and should probably review our thinking on social security. If we still think it is impractical, we should work for its repeal, but if we consider it something that should be preserved, we should ask Congress to make it more inclusive. At present there are some 20,000,000 working people, including millions of farmers and store proprietors, who are not covered in any way by the social security law.

## POSTWAR JOBS

How certain are you that you will have a job after the war?

The American Institute of Public Opinion asked that question in a nationwide poll and found that only 40% were "very certain." Another 25% were fairly certain but 35% were "not at all certain."

Furthermore, the poll showed that the people of this country are, in general, fairly pessimistic about the employment situation after the war. Of those interviewed, practically all guessed that there would be some unemployment after the war, 55% guessing that there would be four to ten million people out of work and 19% estimating that unemployment would reach from 10 to 20 or more million people.

Most of us like to think about the era of all-out prosperity which could conceivably follow the war but there are few who put very much faith in it. We realize that it depends a lot on the postwar plans of our nation's biggest industries.

## MOTORIST WARNED TO SAVE OLD A RATION BOOKS

Don't throw away the back cover of your old A ration book in you aren't planning to wean your car. Renewals for the new A gasoline ration will start on Friday, August 25.

You may get your application from your local board or any service station. Then attach your tire inspection record and the back cover of your old A book and mail it to your local board. It's as simple as that.

Look over all the appliances in your home. Check particularly those appliances you use constantly, like the range, vacuum cleaner, refrigerator, washing machine and iron or ironer. Do any of these need repair or conditioning? Durationize your appliances with constant care and timely repair. That also means careful use to avoid abuse. Blasting your radio at full volume, for example, can shorten its life. Use it, but tune it down. Open your refrigerator door as seldom as possible. Keep your fireplace damper closed when heating equipment is in use. It prevents heat waste up the chimney. Your government wants your present appliances to last for the duration. Their services save you time and money.

By SWANEE Telephone Tahoe City 66J

### TAHOE HOME OWNERS ARE WARNED OF ROBBERIES

TAHOE CITY, Aug. 24.— Tahoe residents are warned not to leave their houses unlocked these days, as a number of resorts have been entered altely and articles are missing.

Homewood Hotel was robbed of an electric clock an electric iron, a typewriter and an adding machine.

Friday morning Ta-Neva-Ho was burglarized and $14,000 taken by two armed bandits.

Sunday a Reno laundry truck was held up and the driver beaten with a balckjack. The drive fought back and no money was taken. Constable Harry Johanson and State Patrolman Jack Thelan investigated.

## TAHOE LETTER

### To the Service Men

From SWANEE

Tahoe City, Calif.
August 20, 1944

Dear Tahoeites:

This Sunday marked a momentous occasion—Tahoe's birthday party! Although her natal day really was February 14, the celebration of her 100th birthday was deferred until today, when everything was more propitious for the observance. The weather was perfect and a crowd of more than 300 persons was on hand to attend the special services held at 11 o'clock in the outdoor Episcopal chapel.

Bishop Noel Porter, who was assisted by his son, Rev. Cedric Porter, delivered a msot entertaining and instructive talk, reviewing the history of Tahoe from its earliest days. And many were surprised as he told of the move which today was started by him in requesting through petition to Goveernor Warren and the state legislatture, that the name of Tahoe be made legally permanent, instead of Lake Bigler, the name which now stands on the Cailfornia statutes as the official name of our beautiful lake. He read a telegram from the governor regretting his inabiilty to be present at the party and sending his greetings.

Following the services the unveiling followed of the bronze plaque in honor of General John C. Fremont, discoverer of Tahoe who first glimpsed its lovely blue from what is believed to have been 10,100-foot Stevens Peak over Hope Valley. Miss Ellen Bliss St. Sure, great granddaughter of Duane L. Bliss, one of Tahoe's earliest pioneers, drew the cord. This was followed by the singing of Midst the Beauty of the Trees by Mrs. Fanny Bailey Scott, prominent East Bay soloist. Organist for the day was Myron Roberts for the University of Nebraska, vacationing at Tahoe Mead ows, and Fred Links, musical director of the First Methodist Church of Sacramento shared solo offerings. Among the huge congregation were members of many of Tahoe's oldest pioneer families, who lost no time in signing the petition passed by Mrs. Theodore Schclueter following the dedication ceremony.

Henry F. Droste, secretary of the Lake Tahoe-Sierra Association wro recenly wrote Postmaster General Frank Walker, regarding a special stamp to commemorate the 100th birthday of Tahoe received as answer last week in which it was stated there is little likelihood one will be issude.

And in that little needle-carpeted fir-canopied sunlit chapel today, plans were made to commemorate the names of you brave lads and lassies who today are fighting on the far-flung battlefields of the world that we at home, and you too when this struggle is over, may continue to enjoy our pine-scented vacationlands and the carefree and restful days of yore. For a native stone wall will be started in the near future by Norman Mayfield, to run the full length of the 500-foot chapel's highway frontage, to stand as a permanent reminded of the part you all played in the greatest battle of freedom the world has ever known.

From Camp Swift Texas, comes word this week that Sgt. Billy Bechdotl now has risen to the rank of acting First Sergeant. A number of Bill's old friends have been visiting in Tahoe recently among them Ensign Bill Nelson, Lt. and Mrs. Bill Moran, formerly of Reno, St. Sgt. Warren Hart and wife and Flight Lt. Gerald Wetzel, now stationed at Victorville. The latter is a brother of Robert Wetzel, the youngster who left McCloud to fight for his country and came back a year later blind. Gerald declares his brother lost one of his eyes but it is beileved the sight of the other will eventually be restored.

Mr. and Mrs. Phil Geier of Tahoe Park had the pleasure recently of entertaining Mrs. Geier's daughter, Peggy and her husband. They were Capt. and Mrs. Charles Bailey of Alhambra, the captain enjoying a two weeks leave on the lake. They left Saturday for Long Beach. While here they were dinner guests of Mr. and Mrs. Folyd Carnell of Tahoe City with the Geiers last Wednesday.

Mrs. Floyd Carnell also had exciting news last week which made her especially regret gasoline rationing. It was the announecment that her sister, Miss Mary Krueger, daughter of Mr. and Mrs. Charles A. Kreuger of Beverly Hills, was married Saturday, August 19 to Lawrence Hemmick storekeeper 2-c now at San Diego in the navy. Mrs. Hemmick, a striking brunette was married in the new fall shade of purple, with members of the family and friends witnessing the ceremony at the little chapel on Wilshire Boulevard. The bridegroom twin brother, Clarence and his wife tendered them a reception at their home in Beverly Hills. Following a short stay at the Drake-Wilshire, the couple will go to San Francisco for a honeymoon. Hemmick is on active duty, his latest battle being at Saipan where his ship was damaged. He is now on 30 adys leave. May we offer congratulations!

Forgot to mention that one of Bill Bechdolt's buddies, Pvt. Larry Powers of Camp Swift is enjoying a vacation at Tahoe Inn this week, accompanied by his mother, Mrs. Ellen Powers of Alameda.

Had a nice letter from S. Sgt. Charles Henrikson last week, who wrote from Camp Howze, Texas. He says he has been reading the columns of the Sierra Sun for the past few months regularly and is enjoying them greatly. One thing is certain, all of you Tahoe boys agree on Texas—not that Texas isn't a nice state if you happen to LIKE that kind. Chuck says he wouldn't give five cents an acre for the whole state and wonders if we who remain at Tahoe really appreciate our good fortune. He is at present located abotu 60 miles from Dallas but it might as well be 160 miles as transportation is only infrequently available and the charge for privately owned cars in prohibitive. Chuck says his brother, Oliver is now at Syracuse Airbase in New York, but expects to transfer to Kentucky any day. Ollie has seen quite a lot of these United States since he netred the service, having been at approximately 20 camps. Last week he visited the Henrikson relations in Massachusetts and had himself a grand time, according to reports. Likes the Atlantic coast very much and doesn't seem to mind the migration. Chuck gave me a smile when he declared there was little excitment in camp, just regulation infantry training with a olt of walking, sleeping on the ground and eating out of mess kits. He opined it was all good experience but experience he could well do without. Sends hi sbest regards to all his old Tahoe friends and requests that I keep the old typewriter clicking

Here for just one night was Col C. B. Pedersen, old timers remember as Doc. Pedersen of the Tavern. Although still stationed in Salt Lake City he is now inspector of the army hospitals for the 9th Service Command. His latest trp was to the army hospital at Herlong. His wife Gladys and little daughter, Miette are visiting with her mother in San Francisco for a month but plan tc return soon to their home at Salt Lake City.

Now I hope you will pardon me if I blow the Swanson horn ever so softly for the letter we received last week from friend husband's daughter Mrs. Bert Blair in Newton, Kansas, who told one of the remarkable stories of the war, which still leaves us a little incredulous. The Blair's oldest son, Sterling entered the service about two years ago and has been enjoying some extensive traveling with the merchant marines, starting his first trip as messboy. His first cruise was on the Lurline on which he went to Australia. Then he signed on the SS Josiah E. Earl and went to Eureka to load the ship for Hawaii. Here his boat was ocnvented into a LST and loaded with high octane gasoline and bombs and headed for Saipan. Before reaching their edstination, however, a destroyer flashed word that the Japs were attacking. His ship was hit and Sterling received a broken leg. He was removed to his bunk and five days later they reached the Marshalls and he was taken to a hut hospital on an island and turned over to the navy. And here comes his bit of luck in disguise—if Sterling han't had that broken leg he would have perished, as his ship went on to deliver its supplies and later was lost with not a survivor. He eventually went to the navy hospital in Honolulu and when again able went to the seaman's club, then to San Francisco and finally wound up at home with a leave until August 26. He is now a cheif petty officer and slated for another hogher rank.

Today had teh pleasure of meeting the infant daughter of Gunner's Mate and Mrs. Jimmie Frazier of Lake Forest, she accompanying her mother and grandmother to town for an outing. She is as cute as a bug's ear.

In a recent letter, Jimmie spoke of being on watch, so it is believed his wounds are not serious.

Well, have to ring off again for another week and guess you are all as glad as we are to hear that the allied armies have entered Paris—its populace was wild with the joy of liberation from the Nazi cruelties. What a great day it will be when all the little nations of the world too will be free agin! Keep up the good work and remember you are alawys in our thoughts and prayers. Good luck, good cheer, and God bless you —

As ever,
SWANEE.

## Tahoe Briefs

By SWANEE

The level of Lake Tahoe Monday stood at 6227.19 with 477 CSF of water elaving the gates. The temperature dropped to 35 Sunday morning with high for the week 79 on August 17. Beautiful summer weather prevails at this time.

Patrolman Jack Thelan of Sacramento has been assigned to the north end of Lake Tahoe for a month and is stationed at Kings Beach. He wiss assist Constable Harry Johanson.

Miss Elizabeth Ashe, supervisor of the Marin County home for convalescent children, is vacationing at her summer home, Agea, near the Merrill property in Tahoe City. She is accompanied by a companion, Miss Alice Griffith. Together they founded the home and direct its affairs.

Kenneth Fox an his mother are enjoying a visit with Otto Fox in town. The latter has rented the E. H. Pomin cottage for the summer. Kenneth is spending two weeks vacation from the U of C College of Dentistry in Los Angeles. So eager was he to get to Tahoe that he was en route tc the alke just one hour after school closed, impatient to get in some fishing. Kenneth and his father are planning a pack trip into the Vellmas for two or three days fishing.

Ben Guglielmo of San Anselmc has purchased the Black house in Lake Forest. They had been vacationing in the Baldocchi home in Timberland.

Two fires were reported at Tahoe last week by Patrolman Ralph Preece of the Tahoe Park Ranger Station. One was a small blaze which started among the logs in the yard of the Tahoe Lake School, which had started up one tree when the fire truck arrived. The Tohoe Volunteers assisted materially in fighting the flames and preventing a spread of teh fire. It was believed students caused the fire when a cigaret was thrown carelessly away. The next day Patrolman Preece delivered a lecture to the summer esssion students who are forbidden by state law to smoke either en route to or from school and while on the school grounds.

The second fire was up Bear Trap where a small square was burned when a cagaret was discarded into the dry leaves.

Mrs. Harry Johanson, chairman of Tahoe's Fifth War Bond drive announces this week that the desired $125,000 has been raised for the ambulance plane which is to bear the name of Lake Tahoe, and she and Charles Rosenthal, coordinator for the Northern District, whose services proved so valuable in raising the quota, believes there may be an additional $1600 left over with which to purchase an ambulance also.

Mrs. Dot Peterson of Alameda is hpending two weeks vacation as the guest of Mr. and Mrs. A. M. Henry in Tahoe City. Her husband is with the Sea-Bees in the Marshalls.

Miss Florence Vernon is reported as now doing secretarial work at DeWitt Hospital in Auburn. She had her name on the waiting list for several months.

Henry Droste is improving steadily and hopes this week to be able to come down to his office near Tahoe City to work for an hour or two each day from now on.

Miss Anita Gebhardt is enjoying a visit with her mother in Tahoe City and will return to teach fifth grade at Tracy on August 28.

Mrs. John B. Metcalf was called to San Francisco Sunday to meet her son and his wife, Lt. and Mrs. John B. Metcalf, Jr., who arrived following his transfer from the east coast.

Mr. and Mrs. Charles W. Merrill returend to their Orinda home last week. The Junior Merrills may come up for a vacation soon. The Arthur Merrill Browns who were guests of Commander J. H. Todd have left for a stay at their summer home at the Sugar Bowl.

Recent visitors at the W. W. Mein home were Mr. and Mrs. W. W. Mein, Jr., and children, Mr. and Mrs. Charles Fay and family and Mr. and Mrs. Alex De Bretteville. The W. W. Mein, Srs. were also reecnt vacationists.

Dr. and Mrs. Cobot Brown are occupying the Phillip King houes at Tahoe Park.

Peter B. Kyne the writer, is reported to be at Verdi where he is busy with a new novel.

The Otto Darlins spent several days last week at Tahoe staying at the Brown cottage in Tahoe Pines.

Mrs. Muriel Suddeth, who will be remembered as the former Muriel Howrigan, has been enjoying a visit in Oakland with her daughter and family, Mr. and Mrs. Martin Spitsen and two little daughters. Her husband has been transferred again from Oregon to Louisiana.

Little Jerry Quam ,son of Mr. and Mrs. Oscar Quam, former resident of Tahoe, is now reported greatly imporved from the attack of rheumatic fever which kept him beadrid den for three months while living in Oakland. At present Mrs. Quam and two children, Jerry and Doreen are visiting with her sister at Shasta City. Jerry is believed to be well enough now to attend the fall session of school.

The Placer county supervisors on August 18th compromised on the question of the public heatlh unit for the countny which arroused much interest in this district. They adopted a proposed budget of $2,393,639.40 calling for .62 on the assessed $100 valuation. In its compromise the board deicded to set aside the specified $10,893 from the budget for the health department and passed a motion that it will not hire a health officer unless he is recommended by the Placer County Medical Association. Petitions signed by more than 50 Tahoeites were sent in expressing preferrence for the state operated health unit.

Dnnis Gordon of Tahoe Park Camp Ground has sold out all his woodcutting equipment and gone east. He told friends before departing that he might enter the oil business there this winter.

—V—

## Tahoe Schools

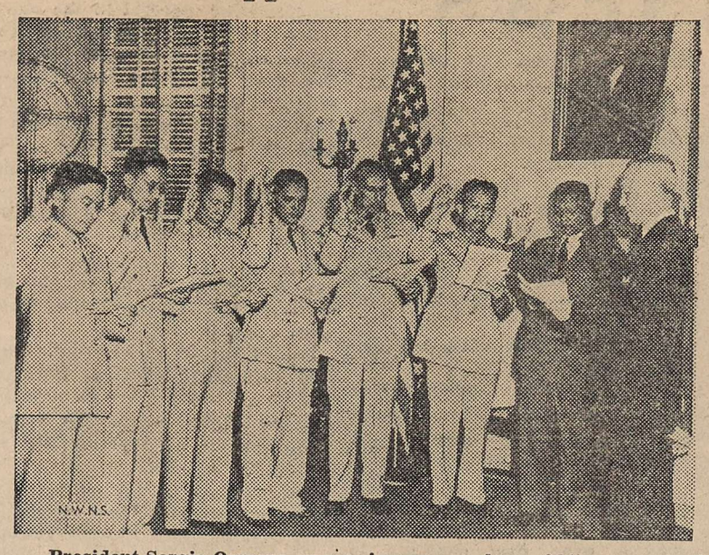
The elementary grades of the Tahoe Lake school, under the supervision of their teacher, Mrs. Myrtle Gallinger Friday night at 8 p.m. will give a play entitled, Long Live the Constitution, in the auditorium of the school. Parents and patrons of the school are invited. This event will take place of the annual flower show which is staged about this time of the year customarily. The play, a part of which is original, is the culmination of two months of study of the constitution by the children. A collection for the benefit of the Junior Red Cross will be made at the conclusion of the play.

Thursday members of the orchestra under Otto Fox are giving a half hour recital in the auditorium.

Teachers Institute for elementary eachers of this district will be held in Auburn September 11 to 15 so there will be no school for the local children during that time.

—V—

## New Philippine Cabinet Sworn In



President Sergio Osmena swears in new members of his reorganized Philippine Commonwealth war cabinet. President Osmena who succeeded President Quezon, who died recently, is at the right. Cabinet members are, left to right: Colonel Melchor, Dr. Arturo Rotor, Colonel Erana, Hon. Ismael Mathay, Col. Manuel Nieto, Col. Carlos Romulo and Hon. Haime Hermandez.

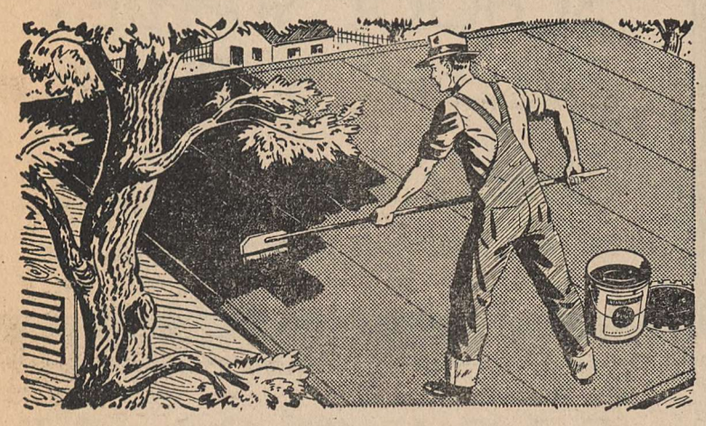
## New Crusoe of Guam

Chief Radioman George Ray Tweed, 42, a native of Portland, Ore., who was rescued by the invading marines of Guam island after nearly 1,000 days of hiding in the jungled mountains of Guam following the Japanese attack on that island December 10, 1941.

## Men! Ever Wanted a locomotive fireman's job?

You know, up in the cab....maybe a string of war freights behind you....and power to go places! A fireman's job is something, all right. Vital, too. Normally, not easy to get. Today, however, Southern Pacific has some special openings for Firemen. And here's the thing: no experience needed. We train you in a couple of weeks or so. Then, as a full-fledged fireman you'll make around $220 per month even at base pay. (Some average considerably more.) Many extra avantages, too, at S.P.—fine pension plan, railroad pass privileges, medical services, job with a big company....with the one war industry on which all others depend. Come in and talk it over.

See or Write J. A. McKinnon, Asst. Superintendent, Sparks, or your nearest S. P. Agent



## Protect roofs now

Standard's tough asphaltic coatings seal against weather damage, stop leaks, resist cracking and checking. Use Standard Asbestos Roof Coating, for top quality, Standard Roof Paint, for economy. For best results, prime with Standard Utility Coating or Standard Priming Solution. Renew shingle roofs with Standard Shingle Stain or Oil.

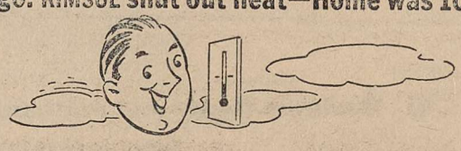
## This is How It All Happened

One day I got tired of roasting at home.

So I invested in 8 rolls of KIMSUL REG. U. S. & CAN. PAT. OFF. INSULATION

And I installed it myself in spare time.

Bingo! KIMSUL shut out heat—Home was 10° to 15° cooler.



Later, when winter came, I found KIMSUL kept my house warmer

And my fuel bill, thanks to KIMSUL, dropped 30%.

SO I'M RECOMMENDING IT TO YOU

KIMSUL is one of the most efficient insulations you can buy. Easy to install—you can do it yourself. Just apply it between attic floor joists, or between rafters of a sloping roof, and fasten both ends. Packaged in tight rolls and compressed to 1/5th its normal length, you have fewer rolls to lug up to the attic—save as much as 80% leg work. One Roll Insulates 100 sq. ft.

Advantages of KIMSUL
1. Will not sift, settle or pack.
2. Installs easily and quickly.
3. No waste, every bit can be used, no mess.
4. No special tools or previous experience required.
5. Highly resistant to fire and moisture.

# Politically Speaking

By Lloyd Latham
(United Press Staff Correspondent)

SACRAMENTO, Aug. 24.— (UP)— California Democrats are feeling pretty cocky these daws, they showed at their state convention and state central committee meeting here last week.

Party leaders said they couldn't see how they could lose in the state Presidential election in November, and they are beginning to feel optimistic about the 1946 state elections.

Speaker after speaker dwelt on the fact that the Democratic party has a 75,000 majority among registered voters in the state and stressed that the margin would be widened if registration drives are successful.

They implied that Governor Dewey cannot hope to duplicate the feat of Earl Warren in overocming the Democratic registration margin in the state. And they made a tentative opening in what may become a campaign to pry Warren loose from his standing with the voters as a non-partisan.

Assemblyman Ralph C. Dills of Compton, assigned the keynoter spot as temporary chairman of the state convention, said that Warren's activities in Republican affairs had shown the thousands of new voters in California that the governor is not a non-partisan after all.

CIO representatives, who were much in evidence at the convention and central committee meeting, sought unsuccessfully adoption of a resolution condemning Warren's Republican activities. However, party officials say any active support by Warren in California of the Dewey-Bricker ticket would bring a blast.

Part of the Democrats' optimism over their chances this year and in 1946 stemmed from the unprecedented unity at the meetings. All of the state officers were chosen unanimously, and an expected renewal of the fued between Attorney General Robert W. Kenny and Former Governor Culbert Olson failed to materialize.

Olson didn't attend the convention and Kenny showed up only for the second day and made a brief speech. However, Jim Smyth, one of Kenny's lieutenants was on hand, as was Kenneth I. Fulton, Olson's former right hand man.

There was little evidence, also, of the split between members of the California national convention delegation over the vice presidential nomination.

Edwin W. Pauley, national committeeman who led the Truman wing at Chicago, praised the vice presidential nominee without referrence to the split, while Helen Gahagan Douglas, a violent Wallace patrisan steered clear of the subject.

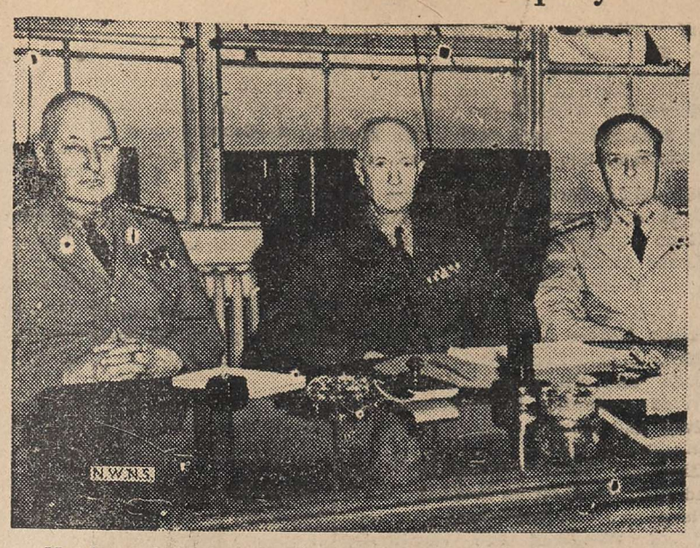
In private conversations, Kenny also predicted gains for the Democrats in the California congressional delegation.

H termed two races doubtful, Hal Styles against Gordon McDonough in the 15th district, and against Norris Poulson in the 13th district.

Mrs. Douglas and former Lt. Gov. Ellis E. Patterson are expected to hol dthe 14th and 16th districts in the Democratic column—Democrats retired in these districts—and Democratic incumbents having opposition are expected to win, Kenny says.

And, if the Democratic margin is as big as he hopes in November, Kenny believes four Republican incumbents can be defeated—Albert E. Carter by George P. Miller in the 6th district; Tom Rolph by Frank Havenner in the 4th district; John Z. Anderson by Arthur L. Johnson in the 8th district; Carl Hinshaw by Archibald Young in the 20th district.

## Pearl Harbor Board of Inquiry



Members of the board of inquiry ordered by the secretary of the navy to inquire into the circumstances surrounding Pearl Harbor attack have started work. Adm. Orin G. Murfin, U.S.N., retired, president of the court (center); Adm. Edward Kalbfus, U.S.N., retired (left); and Vice Adm. Adolphus Andrews, U.S.N., retired (right).

### OVERLOADING CUTS TRUCK TIRE LIFE UP TO 66 PER CENT

Truck tires which are overloaded 30per cent wear the tread off 16 per cent faster and the tire carcass loses 66 per cent of its normal wear, Gilbert McNeil, Sacramento district OPA rationing executive, warned operators of heavy truck equipment who face their worst tire shortage since Pearl Harbor.

McNeil said these figures were not mere guesswork but came as the result of the government's scientific tire testing program as San Antonio, Texas.

## Church Notes ooo

### CHRISTIAN SCIENCE

"Though Israel be not gathered, yet shall I be glarious in the eyes of the Lord, and my God shall be my strength." ### Catholic Church

Rev. William Daly, Pastor
Mass, Truckee, Sunday at 8 a.m.
Mass, Tahoe, Sunday 10 a.m.
Services will be held at Al Tahoe Globins Resort, on June 25 at noon to continue during summer months.

### LEGAL NOTICE

### CALL FOR BIDS FOR TRANSPORTATION CONTRACTS

Notice is hereby given that sealed proposals will be received at the office of the governing board of Truckee Eelmentary School District, located at Truckee, Nevada County, California, on or before the 28th day of August, 1944, at the hour of seven o'clock P. M. for the transporation of the pupils attending the school of the said Truckee Elementary School District for the period from September 5, 1944 to June 9, 1945, in accordance with the terms and conditions hereinafter set forth.

1. All transportation must be by motor vehicle equipped and operated in accordance with the California Vehicle Code and the Rules and Regulations of the State Board of Education of California.

2. Each bidder must specify in his bid that the bidder binds himself to jointly insure his liability and that of the board and the district for damage to property or injury or death to person in the sum of $5,000 for damage to property and in the sum of $50,000 and $100,000 for injury or death to person, such insurance to be carried in any insurance company authorized to tranact the business of such insurance in California.

3. The routes over which transportation is to be furnished and the schedule upon which transportation is to be furnished and the approximate humber of pupils to be transported are as follows:

Not more than six (6) pupils from Floriston and Boca to Truckee Elementary School and return; two (2) from Boca to Meadow Lake Union High School in Truckee and return.

4. Complete details of routes, schedules and other motters maye be examined at the office of Clerk Mrs. Clara Hayes of Truckee Elementary School, Truckee, California.

5. The governing board of Truckee Elementary School District reserves the right to reject and and all bids.

GOVERNING BOARD OF THE TRUCKEE ELEMENTARY SCHOOL DISTRICT.
By Mrs. Clara Hayes, Clerk.
Dated: August 14, 1944 Aug 17-24

### FIVE MORE BLUE STAMPS AVAILABLE ON SEPTEMBER 1

Five more blue stamps worth 10 points each—a total of 50 points—will be valid for buying rationed processed foods beginning September 1, 1944, the Office of Price Administration announced today.

The stmps —G5, H5, J5, K5 and L5, will be good indefinitely.

Since the introduction of the 10-point stamps last February, it has been the policy of the OPA to validate five blue stamps on the first day of each calendar month.

### AUTO DEALERS CAN NOT DEMAND CAR TRADE-INS

Purcahsers of new or used automobiles were advised today by C. B. White, clerk of the local ration board that dealers cannot legally require them to tradein a car in order to purcahse a desired automobile.

It is also illegal, according to White for the deaelr to require the purchaser to finance the sale through any particular agency, or for the dealer, who does his own financing, to charge rates in excess of his customary rates.

## DIESEL TRUCKS IN STATE PAY USE TAX

SACRAMENTO, Aug. 24.— (UP)— The 4,750 diesel propelled trucks operating in California are paying $130,000 per month in use fuel taxes, the board of equalization revealed today.

Contrasted with a drop of 5¼ per cent in revenue from the tax on gasoline during the year ending June 30, 1944, the diesel levy is up almost 16 per cent, the board said.

Average diesel fuel consumption in motor vehicles operated on Cailfornia highways is more than 4,000,000 gallons monthly, according to the board report.
